

# Sound the Alarm. Save a Life.

## VOLUNTEERS NEEDED

In an effort to reduce the risks of home fires and to save lives, the American Red Cross and multiple community organizations are partnering together to install **FREE** smoke alarms and work with residents to be prepared to act should a fire occur.

**WHEN:** **Saturday, April 27, 2019**

**LOCATION:** **391 Montclair Drive**  
**Big Bear City CA 92314**

**TIME:** **8 a.m. - 1p.m.**

Volunteers will go door-to-door to ask residents if they would like free smoke alarms installed in their homes **that day**. Residents will be provided information on fire safety and preparedness, and will learn how to create a home evacuation plan.

To learn more information about this event please contact Christine Villafuerte at (657) 219-0019

- Fire-related deaths and injuries are highest in homes **without** smoke alarms. (National Fire Protection Association 2014)
- People may have as little as **60 seconds** to escape a burning home before it is too late to get out. (National Fire Protection Association 2014)
- The risk of dying in reported home structure fires is **cut in half** in homes with working smoke alarms. (National Fire Protection Association 2014)
